

Technical Data Sheet & MSDS Information

Guide to the Properties of Sinclair& Rush Raw Rubber Material Specification		
Property		Units
Material Specification No.	MS-ER06	
Revision	Date: 10/6/17	
Revision	Level:A	
Material Name	EPDM	
Material Colour	Black	
Durometer	45-55 Shore	
Specific Gravity	1.2-1.4g/cc	
Tensile Strength	1015	psi minimum
Elongation	350	%max
Compression set	25	%max
Tear strength	200	pli minimum
Final form	Log. Striporsheet	Log. Stripor sheet
Batch weight		
Continuous operation temperature	200 F for24hours	Fahrenheit
Intermittent operating temperature	250 F for1hours	Fahrenheit
